Oluebube Akah

Founder, Aga's Wholesome Foods Limited, Nigeria

[Website](#) • [Facebook](#) • [Instagram](#)

Oluebube Akah (Ebube) is an entrepreneur with over a decade of management and leadership experience, working in the consulting, financial services and manufacturing industries. She is the Founder & current CEO of Aga's Wholesome Foods Limited, a food processing company focused on promoting good health and well being, through Superfood African ingredients, processed into delicious, ready to use beverage powders, seasoning powders and immune boosters. She is also a Chartered Accountant, Certified Food handler and Certified Health Coach. Prior to starting Aga's Wholesome Foods Limited, Ebube worked as an Audit Consultant with KPMG Nigeria, for over 7 years where she was exposed to a structured business environment and also led engagement teams to audit and review financial statements, processes and controls of diverse clients. Ebube possesses in-depth experience in the set up of accounting and operations structure, pricing, team management and growth, digital marketing, product formulation, recipe development, audit and internal controls, financial reporting, budgeting, and start-up funding. She is an Alumna of the Fate Foundation Orange Corners Incubation Program, African Women Entrepreneurs Cooperative (AWEC), Academy for Women Entrepreneurs (AWE) and Nourishing Africa Agribusiness Entrepreneurs Support Program. Ebube holds a bachelor's degree in accounting from University of Nigeria, Nsukka. She is also an Associate of the Institute of Chartered Accountants of Nigeria (ACA). She is married with 3 beautiful girls and in her free time, she loves to read, research, and try out new recipes. Aga's Wholesome Foods Limited is a health focused food processing company that manufactures 100% natural beverage powders, seasoning powders and immune boosters, from Nutritious African ingredients, to foster a sustainable healthy lifestyle whilst reducing post-harvest loss. We commenced full operation in January 2018 as a one-man kitchen operation, and we are now a team of over 10 staff working from a moderate size factory space. Over 90% of our raw materials are locally sourced and processed to dry powders, which reduces post-harvest loss and provides sustainable income for smallholder farmers in Northern Nigeria.

"The programme has been so amazing and has provided me with the one-on-one mentorship experience I have been longing for. My mentor, Tatiana Campos has been resourceful, she really wants to see me win. She has connected me to people and resources that will enable me to hit my goal of expanding our operations to global markets. She also worked with me closely to revamp my LinkedIn profile. I am so grateful to FAO for this programme, and it will always be part of our success story."
