Adèle Nkagha MBA

Présidente, Coopérative de production agricoles nno (coopraNNO)

Adèle Nkagha Mba is a farmer and agricultural processor and the president of the NNO agricultural production cooperative (coopraNNO). She is also a trainer in the field of agriculture and processing.

Following the destruction of their 12-hectare plantation by elephants, where they cultivated bananas and other tropical fruit-bearing trees, coopraNNO have settled in the area of Gabon's Remboue province. Since then, the cooperative has obtained a plot of land for a six-hectare piece of land four kilometres from Ntoum. The group hopes to relaunch their plantation activities once they have secured additional financing.

Adèle was trained by the FAO and the Ministry of Agriculture and the Ministry of Commerce. Her cooperative is a member of the Remboue Union of Cooperatives.
