Marcelline Koutatouka née Dinzébi Boukondzo is an engineer in tropical agronomy and the manager of MktOTO Sarl. MktOTO specialises in the production of banana sprouts and processing of agricultural products. The company, which operates out of Pointe-Noire in the Republic of the Congo, was set up with the goal of using all effective means to facilitate and develop economic activity by improving and increasing the results of the agricultural activities carried out by its customers.

Marcelline Koutatouka currently works as an independent consultant specializing in the production and processing of agricultural products as well as livestock activities. She has participated in several training workshops abroad in the Seychelles, Uganda, Chad and Ghana.

Marcelline is the initiator of the celebration in Pointe-Noire of the World Food Days, organized for the first time in 2010 at the Consular Chamber of Pointe-Noire and celebrated each year on October 16 across the world.

*“The programme was a great experience and will stay with me for the rest of my life. I learned a lot from the mentoring sessions. What's more, we've forged good relationships that will continue beyond the mentoring period”*
