MENTEE

Lucy Chioma Aniagolu

Founder, Agrodemy Enterprises

Nigeria

Lucy is a dynamic and accomplished professional with over 5 years of experience in agribusiness and education technology. Armed with a Bachelor of Science degree in Zoology and Environmental Biology from the University of Nigeria and a Postgraduate Diploma in Technology, Entrepreneurship, and Design from the Nigerian University of Technology and Management (NUTM), Lucy has perfected her expertise and become a highly skilled program and project manager. She has spearheaded the development of agribusiness training programs, marketplace products and e-services. She also provides technical support and manages a dedicated team. Her commitment to social impact is evident through her volunteer work. Lucy's expertise in project management and education technology has earned her honours, grants, and recognition in business pitch competitions. She is a dynamic leader driving positive change in the agricultural sector, empowering individuals through education and skills acquisition in Nigeria and beyond.

Agrodemy Enterprises

Agrodemy serves as a comprehensive agribusiness ecosystem, providing a one-stop solution for value addition, skill development, market access, and business support services. The Agrodemy platform fosters sustainable agricultural practices and empowers small-scale farmers and agripreneurs across Africa. The business' innovative approach combines three key components to drive positive change in the agricultural sector: e-learning, e-commerce and e-services. With e-learning, Agrodemy provides an academy that offers value chain agribusiness opportunities, ideas and general business skills for success. With e-commerce, Agrodemy provides a marketplace to buy and sell processed, packaged and digital agricultural products. Agrodemy e-services provides services to help agribusiness owners increase efficiency, customer reach and revenue.
